TRAN TRONG HIEU

Front End Developer
(React JS, Angular)

SUMMARY

I'm a font-end developer with 1 year of experience in building web application (ReactJS, Angular) and Backend developer (Node js), with good knowledge of Reactive Programming.
I'm an extremely diligent person and always create laughter for everyone around. I love learning new technologies and building valuable application that helps others with their work. I'm considered a team -player because i like to help other and tend to work well within the group.
